VA Removes Former D.C. Medical Center Director

New Accountability Measures Used

WASHINGTON — The U.S. Department of Veterans Affairs (VA) announced that it has fired former Washington, D.C., VA Medical Center Director Brian Hawkins for his failure to provide effective leadership to the D.C. Medical Center.

The department undertook this action using authorities provided by the VA Accountability Act, which the president signed into law in June. Hawkins was notified in late August that he was being proposed for removal. "We at VA will use the authorities available to ensure our Veterans get the highest quality service and care possible," said VA Secretary Dr. David J. Shulkin. "This is the right decision for Veterans in D.C., and employees at the medical center, and underscores our commitment to hold employees accountable if they fail to do their jobs or live up to VA's values."

VA initiated the latest action after the VA Office of Inspector General issued a new report finding that Hawkins violated VA policy by sending sensitive VA information from his work email to unsecured private email accounts.

VA Awards \$188 Million in Grant Funding to Help Homeless Veterans

WASHINGTON — The Department of Veterans Affairs (VA) announced \$188 million in grants for two programs benefiting homeless Veterans.

The grants were made through the Grant and Per Diem (GPD) program, awarded to community agencies providing services to homeless Veterans.

Awards announced today will provide approximately \$185 million in per diem funding for 556 projects to community agencies that provide transitional housing and supportive care for homeless Veterans. Awards were made to programs in 49 states, the District of Columbia and Puerto Rico.

In addition, approximately \$3 million in grant funding will be awarded to 13 community agencies that provide services for homeless Veterans with special needs. The GPD Special Need funding provides additional operational costs for transitional housing and services for homeless Veterans who fall under "Special Need" populations, including women, those with chronic mental illness and individuals who care for minor dependents.

"The GPD program has been instrumental in providing needed services to community organizations," said VA Secretary Dr. David J. Shulkin. "We look forward to our continued partnership with the awardees as we work together to end Veteran homelessness. Our goal is to help give at-risk Veterans stable housing and a good start to independence."

Since the GPD program began awarding grants in 1994, approximately \$2 billion has been awarded to community organizations serving homeless Veterans. More information about VA's homeless programs is available at www.va.gov/homeless. Community organizations seeking details can visit VA's National Grant and Per Diem Program website at www.va.gov/homeless/GPD.ASP.
